Attachment

Appendix III—Federal and Federal-State Agency Offices for Receiving and Commenting on Other Agencies' Environmental Documents

Section 1503.1 of the Council's regulations for implementing the procedural provisions of the National Environmental Policy Act requires the agency that has prepared a draft environmental impact statement to "obtain the comments of any Federal agency which has jurisdiction by law or special expertise with respect to any environmental impact involved or which is authorized to develop and enforce environmental standards." Section 1503.2 discusses the "Duty to Comment" by those Federal agencies. This appendix identifies the location of the Federal and Federal-State agency offices for receiving and commenting on other agencies' environmental documents. The agency distributing the environmental document should give special attention to the instruction immediately following the agency name to ensure that the comment request and document(s) are sent to the correct office, e.g., some agencies ask that documents concerning legislation, regulations, national program proposals and other major policy issues be sent only to its headquarters office with all other documents to be sent to a regional office. If a transmitting agency has questions about where to send a document, consult the Federal agency NEPA contact listed in Appendix I.
